CLIENT APPROVAL AND ACCEPTANCE FORM

Aphrodite Shop

Project title: **Aphrodite Shop - E-commerce and Retail Operations Platform**

Client: **Aphrodite Myanmar** Academic year: _____

Student name(s) / ID(s): _____

Project summary

Aphrodite Shop is a bilingual online commerce and operations platform developed for Aphrodite Myanmar as a Senior Project 2. The system supports product discovery, product comparison, laptop recommendations, custom PC planning, customer accounts, wishlist and cart management, checkout, payment review, delivery tracking, digital receipts, customer support, cancellations, returns, refunds, wholesale pricing, and authorized administrative operations.

Delivered project scope

- Customer storefront and bilingual navigation
- Product catalogue, search, filtering and comparison
- Laptop recommendation and PC Build Planner
- Customer accounts, wishlist, cart and checkout
- Orders, payments, delivery tracking and receipts
- Cancellation, support, return and refund workflows
- Wholesale pricing and business-account support
- Admin panel, staff permissions, reports and audit records

Client review and acceptance

I confirm that the Aphrodite Shop Senior Project 2 has been presented to and reviewed by the client. Based on the project demonstration and supporting documentation, the delivered system represents the agreed project purpose and provides relevant functions for Aphrodite Myanmar. Any remaining observations may be recorded in the remarks section below.

☐ Approved ☐ Approved with remarks ☐ Further revision requested
